TAKE  
*personalization*  
TO THE LIMIT

You've contemplated this investment, and now you're ready for a personalized space that reflects your taste and lifestyle. A unique place where beauty balances intelligent design. It's with this in mind that Decorá offers one of the most extensive arrays of door styles, embellishments and finishes available.

Though our Midwest sensibilities come through in the sturdiness of our construction and the unparalleled quality of our cabinetry, our finish palettes span the globe with broad, beautiful colors representing an entire spectrum of wood tones, glazes and brushed finishes. Our comprehensive paint program offers 30 preselected, fail-safe choices, 2000+ Sherwin-Williams® paints, and in our quest to maximize personalization, a custom color program.

Mindful of your investment dollar, Decorá is not about fads or flash-in-the-pan trends. Our style sights are set on the long term appeal, quality and performance that your discriminating taste prefers.

When opaque or painted finishes (Decora Color Collections, Sherwin-Williams or custom color) are specified, the door and/or drawer center panel may be constructed of Medium Density Fiberboard (MDF), except when Reserve, Vintage, Reserve Plus, Vintage Plus, Brushed Finishes, or Jet Opaque are specified. MDF provides a smoother finish when painted, and is more resistant to warping, expansion and contraction.

Our newest species addition to the Decorá family, Walnut provides beautiful, smooth grain variations with color ranging from deep chocolate to creamy light brown. As opposed to Cherry wood which darkens over time, Walnut will mellow and lighten in color as it ages. Walnut is available in every standard stain and with glazes and highlights on the Artisan, Galleria, Harmony, Marquis, Prescott, and Sloan door styles.

Finish can mean a traditional wood stain with or without glaze, more colorful semi-translucent stain and glaze combinations, or paints with or without glaze. When layered over various wood types, the color variety is broad and chock full of possibility. Talk with your Decorá designer to understand how wood grain affects color, and peruse our pages and website for color inspiration.

Standard Sheen v. Matte Sheen

## sheen *options*

A choice in sheen can significantly alter the appearance of a door, especially those finished with medium to dark paints and stains where matte finishes are more noticeable. We have paired a Standard Sheen (top) with our new Matte Sheen (bottom) on this Modesto Cherry Mink door to illustrate the difference. Matte Sheen is available on all paints and stains - talk to your designer about the possibilities.

HIGHLIGHT OPTIONS AND BRUSHED FINISHES FOR PAINTS

## highlighting options for paints

Gunmetal, Pewter, Twilight, Coffee, Espresso, and Platinum Highlights are available on all Color Collection finishes on Maple paints. Black Highlight is available on all Color Collection finishes on Maple with the exception of Jet.

When paints are ordered, the door center panel will be constructed of Medium Density Fiberboard (MDF), except when Reserve and Reserve Plus, Vintage and Vintage Plus, brushed finishes or Jet paint are specified. MDF provides a smoother finish when painted, and is more resistant to warping, expansion, and contraction. Highlighting not available on Marquis or Della door styles.

## brushed finishes

Brushed Onyx, Brushed Pavestone, and Brushed Saddle: three hand-applied, luxuriously translucent finishes to layer over any Maple paint. Choose to pair them with paints in our Color Collection, the entire Sherwin-Williams® palette, or any custom color under the sun, for a completely personalized look that accentuates the fine craftsmanship found in every Decorá cabinet.

Glazed and brushed examples are shown on Chantille. Brushed not available with highlighting.

# *finish* techniques

## highlighting *options for stains*

Coffee and Espresso Highlights are applied by hand to a wide variety of stains and wood types, bringing focus to the door and drawer profile details. See your designer for style, wood type and finish availability.

## ceruse *finishes*

Adding depth and dimension to Oak, Quartersawn Oak and Walnut, Ceruse finishes are available in two colorways. Fresco - a gray wash, and Relic - a black wash, are available on Cliff, Gunny and Kindling stains. Ceruse finishes feature a matte sheen, similar to furniture styling.

# *aging* techniques

## reserve & *reserve plus*

Reserve's light distressing uses wormholes, tiny dents and minor signs of wear. Reserve Plus adds more aggressive techniques like rasping and splits, artfully blended for a beautifully aged look.

WORMHOLES

DENTS

RASPING

MARS & SPLITS

*Not available with brushed finish technique or Della door style.*

## vintage & *vintage plus*

Vintage is a light sand-through technique designed to create a subtle, time-worn look. Vintage Plus is an aggressively burnished sand-through technique applied to corners and raised profiles, exposing the underlying wood.

LIGHT SAND-THROUGH

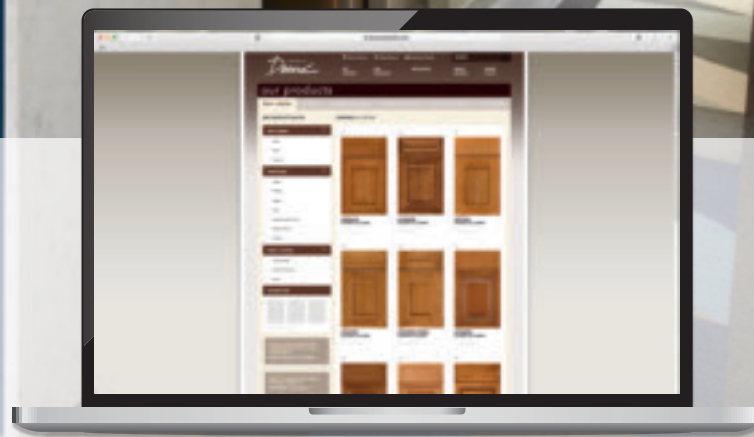

AGGRESSIVE SAND-THROUGH

*Not available on Unfinished, Natural, Natural Coffee Highlight, Natural Espresso Highlight, Irish Crème, Jet Ember, Turquoise Rust, or Weathered Jet. Not available with the brushed finish technique. Not available on Della door style.*

Styles, product availability and construction may vary slightly from those shown in this book due to material availability and/or design evolution. Specifications are subject to change without notice. Customer service is available if your design requires verification of product availability and specifications.

Please note that paints featuring the same color name as your cabinetry are not guaranteed to be an exact color match. When seeking to match the color of your Decorá Cabinetry, take a cabinet door to your nearest Sherwin-Williams paint store to be color matched to reduce the likelihood of color variation. Exact color matching is not guaranteed, and MasterBrand Cabinets is not responsible for color discrepancies.

Product photography and illustrations have been reproduced as accurately as printing technologies permit. To ensure highest satisfaction, we strongly recommend you view an actual sample for best color, wood grain and finish representation.
